

ADMIRe

Challenges and successes

Successes

- collaborations across the University with Information Services, Libraries, IT Support, Research Graduate Services and all Faculties
- eight RDM pilots in progress and more expected
- our RDM survey had 360 responses — results expected November 2012
- new RDM website to be launched in November 2012
- RDM awareness sessions held across the University
- RDM training in Moodle and training events are planned
- RDM policies drafted and in approval at University Management Board level
- branding, communications and RDM leaflets in progress
- sustainable service and RDM roles underway

Challenges

- technical infrastructure
- major restructuring of IS
- timescales to implementation
